Southwest NB Community Liaison Committee established

SAINT JOHN, NB: Brunswick Pipeline announced today that it has established a community liaison committee for the southwest portion of the transmission pipeline, with nine volunteer members representing a broad range of interests and geographic areas from Pocologan to St. Stephen. A Saint John Community Liaison Committee with 10 members was established in mid-September.

“Both the Saint John and the Southwest NB committees will help broaden our understanding of community interests, and will complement our other public consultation and communication activities,” said Susan Harris, Community Relations Manager. “We will work closely with the liaison committees throughout every phase of the pipeline’s development – from planning through to operation – to ensure public participation and input on community issues.”

The Southwest NB liaison committee held its first meeting on October 2, 2007 and will continue to meet regularly on the first Wednesday of every second month. Represented on the Southwest NB committee are:

Kathryn Foster
Andrew Sanojca
Peter Fenety
David Armstrong
Lee Sochasky

Lyman Spear
Arthur MacKay
Petty Thompson
Burton Stewart

Members of the public interested in providing input to the liaison committee are encouraged to contact the volunteer members, or contact Brunswick Pipeline directly by calling the toll free line 1-888-491-3222 or send an email to brunswickpipeline@emera.com.

About Brunswick Pipeline

Brunswick Pipeline is a wholly owned subsidiary of Emera Inc. (EMA-TSX) an energy company based here in the Maritimes. We are proud to support the addition of a new and abundant supply of clean-burning natural gas in our region. Brunswick Pipeline will deliver natural gas from the planned Canaport™ Liquefied Natural Gas (LNG) receiving and re-gasification terminal near Saint John, New Brunswick to markets in Canada and the US northeast. The 145 kilometer pipeline will extend through southwest New Brunswick to an interconnection with the Maritimes and Northeast Pipeline at the Canada/US border near St. Stephen, New Brunswick. Visit Brunswick Pipeline’s website at www.brunswickpipeline.com.
